*Join the forefront of innovation  
and industry-leading technology.*

Mastercam CONNECT is essential for keeping up to date with the latest product innovations, comprehensive support, and resources.

With Mastercam CONNECT, you are equipped with the critical solutions and support to optimize your mission-critical operations, ensuring peak productivity, efficiency, and innovation throughout your manufacturing processes.

**Product Innovations**

**Priority Support**

**On-Demand Training**

**Advanced Integration  
and Automation**

**Expansive Community**

**Early Access to  
New Features**

Elevate your journey to success with Mastercam  
CONNECT. Visit [mastercam.com/CONNECT](https://mastercam.com/CONNECT).

# Mastercam CONNECT Benefits

## Stay Updated with the Latest Innovations

Drive manufacturing excellence by accessing the newest innovations, updates, and releases, enabling you to maintain precision and stay competitive with leading technology.

## Priority Support from Industry Experts

Minimize downtime and maintain smooth operations with priority access to the Mastercam team of product and industry experts, who provide prompt assistance and troubleshooting whenever needed.

## Advanced Integration and Automation

Streamline your operations and improve efficiency with custom development, seamless integration, and advanced workflow automation through robust API/SDK access tailored to optimize your processes.

## Comprehensive On-Demand Training

Maximize your productivity and proficiency by elevating your skills with Mastercam University's extensive on-demand training resources, including onboarding and implementation courses designed to help you fully leverage the software.

## Engage with the Community

Expand your knowledge and solve challenges faster by connecting with peers through myMastercam, where you can access exclusive content and a comprehensive knowledge base and participate in technical forums for collaborative learning.

## Early Access to New Features

Stay ahead of the curve by participating in Public Beta programs, where you can test and provide feedback on upcoming releases, giving you a competitive advantage with early access to new advancements.
